Career objective

First-year Masters in Industrial Design Engineering student with a keen passion for crafting innovative products. Transitioning from a strong foundation in Software Engineering with expertise in AI and data science. Eager to merge my technical skills with design principles to create cutting-edge solutions. Actively seeking opportunities to apply my unique blend of knowledge and creativity in the field of industrial design.

Skills

Strength

- Expertise in Data Analysis, programming and ML/AI techniques.
- Extensive Model building experience with Machine Learning/AI algorithms
- Experience in NLP with text clustering, classification and sentiment analysis.
- Visualization experience with matplotlib in Python.
- Fluency Python for data-science investigations using different libraries such as NumPy , Pandas, in Python.

Familiar

HTML5,CSS3,MySQL,JAVA,Python,C,C++,UI/UX design ,Project Management

Tools

Visual Studio Code,Figma,Canva,Office Suite(MS Word / MSPower Point / MS Excel),Adobe Illustrator and Photoshop.

Other Expertise

Project Management,Complex Problem Solving,Strong Communication,Public Speaking,Creative Designing, Team Playing. Logical and critical thinking.

Education

Masters of Engineering in Industrial Design Engineering
Zhejiang University
September 2023 –

Bachelor of Engineering in Software Engineering and Management
Nanjing University of Aeronautics and Astronautics
September 2019 – July 2023

Experience

Product Development Intern

July 2021 to October 2021
,Interactive Cares Dhaka, Bangladesh

Volunteer-experience

- Office Administer,China Bangladesh Youth Organization, 2021-2022
- Vice-President,College of International Education Center Group,NUAA, 2019-2023

Achievements

- Top Ten Graduates Award 2023
- Google Project Management Certificate,Coursera.
- Distinguished Youth Participant of International Youth Forum on Creativity and Heritage Along the Silk Roads,UNESCO,2022
- Employee of the Month twice,Interactive Cares,2021
- Student Social Activity Award,2021 & 2022
- Chinese Government Scholarship Award, 2019
- Passed HSK 4 ,Score 229/300

Language

Bangla - Native English - Fluent Chinese - Fluent
